

## SuperCure PL Potassium Cure - Densifier (High Solids) 19Ltr

**Code:**XSO-HOL-0320-020

**website:** <http://www.holer.co.nz/Product/info/XSO-HOL-0320-020>

**BarCode:** 9420056606635

**Description:** SuperCure PL is a multi-silicate blend Densifier with high volume of Potassium. SuperCure PL sets faster than our other densifiers. This keeps the majority of the SuperCure PL near the surface of the concrete, thus providing extra hardening and durability. Ideally suited on open (ground) or very porous concrete. Apply by or prior #100 Metal bond and ensure all residual is removed after curing. For the most durable floor and best results, use SuperCure PL followed by SuperCure Ultra (after #200 Resin).

SuperCure PL is a multi-silicate blend Densifier with high volume of Potassium. SuperCure PL sets faster than our other densifiers. This keeps the majority of the SuperCure PL near the surface of the concrete, thus providing extra hardening and durability. Ideally suited on open (ground) or very porous concrete. Apply by or prior #100 Metal bond and ensure all residual is removed after curing. For the most durable floor and best results, use SuperCure PL followed by SuperCure Ultra (after #200 Resin).

### Specifications

Add Info	apply by or prior #100 metal
Quality	Premium***
L x W x H	0.000000 x 0.000000 x 0.000000mm
Volume	0.000000m <sup>3</sup>
Weight	0.000000kg
DK	A
